Call for Participation

The 20th International Packet Video Workshop (PV 2013) is devoted to presenting technological advancements and innovations in video and multimedia transmission over packet networks, in particular wireless and Internet networks. The workshop provides a unique venue for people from the media coding and networking fields to meet, interact and exchange ideas. Its charter is to promote the research and development in both established and emerging areas of video streaming and multimedia networking. PV 2013 will be held in San Jose, CA, USA, on December 12th and 13th.

The program is available at <http://pv2013.itec.aau.at/workshop-program/> and provides the following highlights:

Keynotes

- Jason Gaedtke, Google YouTube
- Ion Stoica, UC Berkeley and Conviva
- Will Law, Akamai

Special Sessions

- Adaptive Streaming
- Web-RTC 2.0
- Information-Centric Networks
- Low-Latency Interactive Video

Regular Sessions

- Visibility and Video Quality
- Video Delivery and Scalable Coding
